1.1. Inclusion of Future Tracks

This Agreement shall apply to all musical works that the Artist makes available to the Radio as part of this collaboration and that are approved for use in accordance with the provisions set out below. This includes both tracks existing at the time this Agreement is signed and tracks released or produced in the future. Approval of a new track shall be documented by adding it to the track list attached as Appendix 1, or by another documented confirmation in text form, such as by email.
The addition of a track to the track list confirms its inclusion under this Agreement, provided that the Artist holds the necessary rights to grant the relevant licenses and that no conflicting third-party rights or contractual obligations prevent such use.

2. Band / Rights Holder Representations and Warranties

The undersigned person(s) and/or rights holders represent and warrant that:

- ☐ the Band and/or the identified rights holders own, control, or otherwise possess the rights necessary to grant the license in this agreement for the specific sound recording
- ☐ the Band performed and/or produced the recording itself or had the recording created with all required permissions
- ☐ all participating musicians, vocalists, producers and other contributors have granted the rights required for web-radio use, or the Band is otherwise authorized to grant those rights
- ☐ the compositions, lyrics and arrangements used in the recording are owned by the relevant rights holders or properly licensed
- ☐ no third-party samples, loops, beats, recordings or other protected material have been used without sufficient permission
- ☐ no agreement with a label, publisher, distributor, producer or other third party prevents the license granted here
- ☐ the Band will promptly inform the Radio if a third party claims rights in the recording or underlying works, or if the rights chain changes

3. Collecting Societies and Rights Administration

The Band shall truthfully disclose whether any member, composer, lyricist or other rights holder is a member of a collecting society, or whether rights in the composition, lyrics or sound recording are administered by a collecting society, label, publisher or other third party.

4. Grant of Web-Radio License

The Band and/or the authorized rights holders hereby grant the Radio a non-exclusive, worldwide and perpetual right to:

- ☐ publicly perform and stream the recording as part of a linear, non-interactive Internet radio program
- ☐ store and reproduce the recording on servers, streaming systems and backups for technical broadcasting purposes
- ☐ convert or technically process the recording as reasonably necessary for broadcasting
- ☐ broadcast the recording repeatedly within the radio program
- ☐ display the Artist, track title, album and other metadata supplied by the Artist in now-playing displays, program listings and Artist profiles
- ☐ promote the Band and the recording in connection with the Radio, including short audio excerpts for social-media and radio promotion
- ☐ link to the Band's official website and social-media profiles

The license is expressly non-exclusive. The Band remains free to publish, stream, sell, distribute and license the recording elsewhere, including through commercial streaming platforms and other media.

5. Compensation

The license is granted free of charge. No compensation is owed by the Radio for the uses described above unless the parties expressly agree otherwise in writing.

6. Rights Chain and Indemnification

The Band and/or the undersigned rights holders shall indemnify the Radio against valid third-party claims to the extent such claims arise because a representation made in this agreement concerning ownership or licensing of the recording or underlying works was inaccurate. This does not apply to claims arising solely from uses by the Radio outside the agreed scope.

7. No Exclusivity / No Transfer of Ownership

This agreement does not transfer ownership or exclusive rights in the recording or underlying works.
The Radio receives only the rights expressly described in this agreement.

8. Termination

The license may be terminated for the future with 30 days' notice, effective at the end of a calendar month, in text form, unless otherwise agreed in writing. Where a credible rights infringement claim is raised, the Radio may temporarily remove the recording from its programming while the matter is clarified. Evidence of the rights chain may be retained for as long as reasonably required for legal or documentation purposes.

9. Confirmation and Signatures

By signing below, the Band and/or the undersigned rights holder confirms that the information above is complete and truthful to the best of their knowledge and that the rights required for the granted use are available.
